Introduction

Overview

The Neighborhood Reinvestment Corporation (dba NeighborWorks® America) seeks proposal for meeting venues to host guestroom and meeting space for the Faculty Workshop in April 2012 in Tampa, FL or St. Petersburg, FL.

Company Background

NeighborWorks® America is a congressionally chartered public nonprofit corporation that provides opportunities for families to live in affordable homes, improve their lives and strengthen their communities. NeighborWorks® America provides financial support, technical assistance, and training to over 3,500 organizations working in affordable housing and community revitalization throughout the United States, 235 of which, called NeighborWorks Organizations, receive special services and support. Each of the local NeighborWorks® organizations is governed by a voluntary board of directors comprised of community residents, business leaders, and representatives of the local government.

NeighborWorks® America is dedicated to providing the highest quality training to the affordable housing and community development field through its Training Division. The Training Division develops and implements over 150 different events each year that serve its network organizations, the community development field as a whole, and the staff of NeighborWorks® America. The largest of these events is the NeighborWorks® Training Institute. The professionals who attend these events – for one day or a whole week, from all 50 states and beyond – are committed to making a difference in the lives of working low and moderate income families and their communities. NeighborWorks® America conducts a host of other training programs as well, including a Community Leadership Institute that entails three days of workshops for up to 1,000 participants, an Executive Director Symposium, a two-and-a-half-day series of sessions for approximately 200 participants, and over 250 place-based trainings a year.
